

MyCAMS – User Guide

MyCAMS is a CAMS initiative provided to investors to enable them to create a single login user id through CAMS website and enable them to transact across all Mutual Funds serviced by CAMS as Registrar using the single login.

1) How do I create a single login to start transacting?

Investors would have to first create a single login id which would be the email id. Following the steps given below, investors may add folios across all Funds in which they have their investment.

Steps to create user login:

A .Visit www.camsonline.com → Investor Services → MyCAMS

[Click here to start](#)

The screenshot shows the CAMS Investor Services website. A red box highlights the text "Click here to start" with a red arrow pointing to the "MyCAMS" link in the "Overview" section of the website. The website header includes the CAMS logo, navigation tabs for Investor Services, Distributors Services, AMC Services, and CAMS VIVEKA. The main content area features a banner for "Investor Services" and several service tiles: MyCAMS, CAS - CAMS, KARVY, FT, SMSBack SERVICE, NOMINATION FORM, NIGO TRANSACTIONS, TRANSACTION SLIPS, eNFO, SUBSCRIPTION SERVICES, ONLINE TRANSACTIONS, TOLL-FREE CALL SUPPORT, and E-MAIL SUPPORT.

Confirmation mail as below will be received

Dear Investor,

Your request for registering with MyCAMS Online Transaction Facility has been received. For activation or deactivation of this registration please [click here](#) and follow the steps given.

You will be able to transact once you have successfully completed the same.

Please note that your email id used for registration will be your user id for any future login.

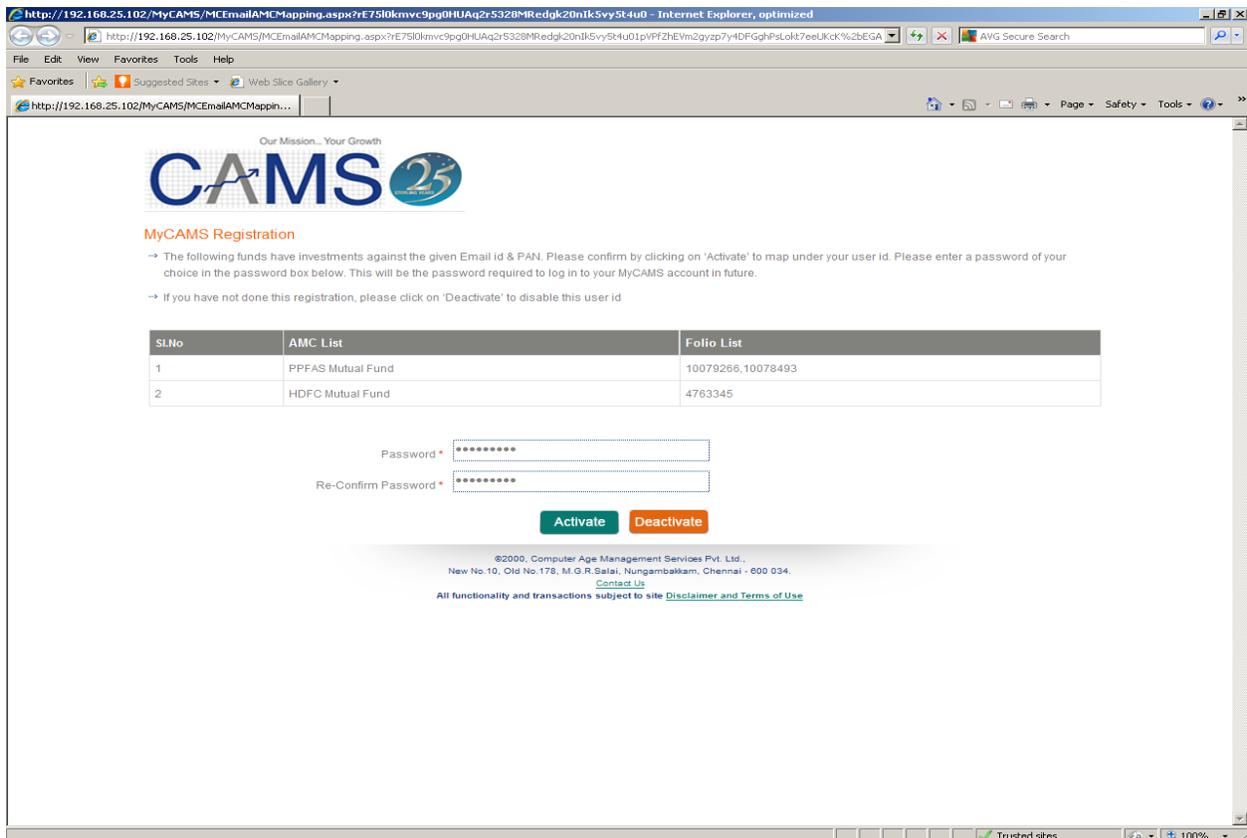

To access MyCAMS, please click on this URL <https://www.camsonline.com/MyCAMS.aspx>

If you have any queries please call us at 1800 200 2267 or email us. Our Team will be glad to assist you.

Best regards,
Customer Relations Team,
Computer Age Management Services Pvt. Ltd

Please do not reply to this mail, this is an auto generated mail.

- E. To activate the registration, please click on the link in the mail. A list of AMCs and folios will appear on screen. This is the list of folios for the said email id and PAN. You will be asked to set your password. Please enter your password and click on Activate. Your MyCAMS account will be activated.

Please note that the User id will always be your email id- i.e. the email id registered in your folio

F. If you have opted to get the activation code at their registered mobile number, please proceed as below.

A one-time pin will be sent as a password to your registered mobile number. Please click on MyCAMS login page and input this PIN as a password. You will be asked to create a new password. The snapshots are given below.

Please note that for any future login, your email id alone will be the user id and the password will be the one you have created

Select - Activate by mobile and you will receive a one-time password at your mobile.

Please note that folios under demat will not available for users here.

Home | Investor Services | Distributor Services | AMC Services | CAMS Viveka | About CAMS | Careers at CAMS | Contact Us

You will be asked to create a new password. The snapshots are given below.

Once you click one submit, your user id is activated and your list of AMC/folios will appear for you to activate

2. What is the basis by which my folios will be mapped to my user id?

The list of folios will be based on the combination of your email id and PAN. For your user id which is the email id, all folios which have first holder PAN as your PAN and with the same email id will be available for aggregating into your login.

Please note that only folios of individuals with the mode of holding as either Single / Either or Survivor will be available for aggregation into your login. Please note that where the mode of holding is Joint, such folios will not be available for aggregation. In addition, the investor should be KYC compliant and the KYC Status should be updated in the funds. Only folios with KYC status updated will be aggregated.

3. My KYC Status is not updated in all Funds. Will such folios not appear in the dropdown to consolidate into my account?

Only those folios where the KYC status is updated will appear in your list of folios.

4. What happens to folios of minors? There would be either no PAN available or the minor PAN would be available in the folio in some cases?

If there is no PAN available in the folio, such a folio will not be aggregated in the consolidated list of folios. If the minor has own PAN and is KYC compliant, please create a fresh login for that folio.

5. Can HUFs, Partnership Firms and Corporates create a login?

No. Only individuals with mode of holding as Single / Either or Survivor will be allowed to create a login

6. What should I do if any / some of my folios are missing from the list for consolidating / aggregating into my user login?

Please check if the PAN and email id is registered in the folios. You may write to the concerned Mutual Fund @ CAMS [here](#) and ask the team to check the same. In addition please note that the KYC Status should be updated in the folios.

If any folio in any fund is still missing please write to the concerned Team at CAMS [here](#) and the executives will take up the same.

For all eligible unmapped folios, there is a link in the menu called Unmapped Folio which you can use to map any future or missed folio. Therefore, subsequent to the creation of a login, if you have invested through a new folio, you may use this link to map that unmapped folio under your login

If you have changed your email id one folio subsequent to the creation of your user id and login, this folio will appear under Unmapped Folio and you may update the same.

7. Who should I contact if I am not able to create a user id

You may write to any of the Mutual Funds @ CAMS in which you have your holdings and the concerned executives will co-ordinate with Technology to assist you Click [here](#)

8. What is the next step after login?

The below screen will appear. Please select the Fund and folio number – all your folios would have been mapped to your login.

Please see the menu on the left to start transacting
